

Press Release

Providence Federal Credit Union teamed up with Kells Irish Restaurant for “Green Rain” fundraiser and raised nearly \$40,000 to assist medically fragile children at Providence Child Center

Milwaukie, OR, March 17, 2015: Did it shower green during our Green Rain Fundraiser? It sure did! In fact, it poured! Providence Federal Credit Union partnered with Kells Irish Restaurant & Pub for its annual “Kells Green Rain Fundraiser” and together they raised over \$40,000 for medically fragile children at Providence Child Center.

Providence Federal Credit Union members generously donated and purchased large one-of-a-kind umbrellas at their branches. Plus, members enjoyed tossing bills and their change into hanging umbrellas from the ceiling. The Credit Union also matched up to \$15,000 for every dollar Kell’s patrons donated, which was nearly \$6,500.

The center for Medically Fragile Children at Providence Child Center is the Pacific Northwest’s only pediatric skilled nursing facility offering 24-hour skilled nursing care for children with profound disabilities and chronic, complex, health needs. From birth to age 21, the center lovingly cares for each child’s needs-physically, emotionally, socially, and spiritually so they may grow to reach their full potential. The center relies on donations from the community to bridge the annual \$2 million gap between what Medicaid pays for care and actual costs of providing care for these delightful children.

Our members opened up their hearts and pockets,” said Shirley Cate, President/CEO of Providence Federal Credit Union. “Our staff also worked diligently on behalf of the children, and we look forward to presenting a check to Providence Child Center for the amount of nearly \$28,000! Our commitment will continue to help ensure these children receive the best care around the clock.”

Providence Federal Credit Union was founded in 1962 with nearly \$124 million in assets and serves over 14,000 members. The Credit Union serves Providence Health & Services employees and employees in the health care industry with two full-service branches and three Service Centers in Oregon.
